MUST ANSWER PHONE
UNDER NEW REGIME

Instead of a few girls in the central office there will be after midnight tonight an operator for every single one of the more than two thousand phones in the city of Honolulu.

You can't talk back to those new operators even if you wanted to do so, and there will be no occasion for it, as you will get your number immediately if the line is not busy.

Another thing, when your phone rings after you have gone to bed at

GLASS CASES—EACH HOME OF 200 OPERATORS.

night you will have to answer it; if you don't it will keep on ringing two seconds at ten seconds intervals until the receiver is removed from the hook and you answer the call. This automatic operator will not get tired ringing like the old-fashioned one and tell the person calling that "they do not answer." It will keep on ringing until you arise from your downy couch and give ear to the call.

NEW HOME OF THE MUTUAL TELEPHONE CO.

The Men Behind.
F. G. Hummel is the man who planned all the details of the installation of this new telephone system which goes into operation tonight and he was assisted by John Pierce. The only man from the Automatic Electric Company at Chicago, the company whose apparatus is being used, is Mr. Bennett, who is the installing man and who will remain for sixty days after the system goes into operation.

Ten men were brought here by Hummel to assist him in the work and five more came from Chicago with A. F. Bennett. They came from all over to do this work, the man in charge of the underground cable work coming here from the Coast and the overhead cable man from the Philippines.

The system which has been in process of construction here for several months will be one of the most up-to-date in the world.

Mr. Hummel, who designed and planned the whole system, has put in systems in various parts of the United States, both manual and automatic. The latest systems which he had charge of were the automatic systems at Los Angeles, Oakland and one at Omaha, from which city he came to Honolulu more than a year ago.

For a long time it was not known whether a new manual system or an automatic one would be put in, and after this decision was reached it took many weary weeks to do the preliminary work of laying out the system.

1000 ft. Fall And Still Lives

NEW YORK, Aug. 27.—Aviator Mars gained the distinction today of falling the greatest distance of any aviator and coming out of it alive. Mars, while sailing over New York bay, fell from a height of one thousand feet. He landed in the water and was rescued. The aeroplane was wrecked.

ROOSEVELT ON REMINGTON

CHEYENNE, Wyo., Aug. 27.—Colonel Roosevelt was the hero of the hour here today at the opening of the great frontier festival for which Cheyenne has become noted. Roosevelt in his speech proposed that the people of the West, more especially of Cheyenne, should start a movement for the erection of a monument of Frederick Remington, the famous artist.

TERAUCHI TO RULE KOREA

SEOUL, Korea Aug. 27.—Under the administrative scheme to be established when Korea is formally annexed by Japan, Terauchi is to become governor general. He will soon be succeeded by Goto.

BALDWIN TO WAIT ON WIND

SAN FRANCISCO, Aug. 27.—Aviator Baldwin, who proposes to fly in an aeroplane across the Golden Gate, did not start today on account of the heavy wind blowing.

DR. CRIPPEN AT LIVERPOOL

LIVERPOOL, Eng., Aug. 27.—Dr. Crippen, who is charged with the murder of his wife, arrived here today. The great interest shown in the case was demonstrated by the immense crowd that assembled at the wharf to see the man.

FIRES ARE ABATING.

SPOKANE, Wash., Aug. 27.—Forest fires of this region are abating. They are apparently fully under control.

CHICAGO CORN.

CHICAGO, Aug. 27.—Corn reached the quotation today of sixty, a half and five-eighths.

ANOTHER JOB

Members of the Mauna Republic Insurgent organization are hot on the trail of what has every evidence of further crooked politics attempted by the Buff and andrews ring last night following the primary meeting.

An investigating committee has started in on the matter and will probably expose another plot to defeat the people of that precinct by irregular methods.

Los Angeles Capitalists
Investigate Hawaiian
Business

The few trips made by the American bark Alden Besse between Honolulu and Southern California ports have evidently awakened interest among a number of prominent capitalists of Los Angeles, towards the formation of a company whose purpose it would be to go after the trade between that portion of the State and the Hawaiian Islands.

The Alden Besse has left this port with a goodly cargo of Hawaiian products, including shipments of rice, pineapples and sundries. Her voyages are said to have proved profitable to her owners.

According to a report that has reached Honolulu, a number of San Pedro and coastwise shipmasters, including Captain Peabody of the schooner Rosamond and Captain Blanchard of the steamer Cabrillo, are contemplating the formation of a company for the purpose of operating a line of steamers from Los Angeles to the Islands.

The recent visit of Captain C. T. Wilder to San Pedro in the yacht Hawaii brought the question into prominence and his statements as to the possibilities.

OAHU 29,300 TONS

Oahu plantation has finished grinding for the season and according to the estimate made this morning by W. Pfenhauer the final crop will approximate 29,300 tons.

POLO CLUB DANCE MOANA TONIGHT

The Oahu Polo Club will give a dance tonight at the Moana Hotel, and a special effort is being made to make the occasion a memorable one. Though no formal invitations have been sent out it is understood that polo enthusiasts, Army and Navy people, and society folk are expected to come and share in the good time.

Insurgents' Power Plainly Shown

Republican Precinct Nominations Produce Some Dissension--Kakaako Troubles

That the spirit of insurgency and progressive Republicanism is established upon a firm basis was evidenced last night at the nominations by the Republican precinct clubs for delegates to the Territorial and County conventions.

To the politician with his ear to the ground the turn out of the Mauna insurgents was of lasting significance and a sure indication of a change in the times. The insurgents were in a great majority and the clear cut issue presented between the Andrews-Buffandeau regime and the insurgents was even indicated by the manner of the "line up" at Alexander and Young streets.

When the meeting was called to order the Andrews-Buffandeau supporters were upon one side and the insurgents in solid ranks upon the other side the gap between the two factions was a wide one.

The insurgent ticket as placed in nomination was composed of Alfred D. Cooper and G. A. Long for the Territorial convention and for the County convention W. H. Charlock, George P. Denton, Henry Freitas, J. B. Ignacio, J. B. Enos, John Kallimapehu, Charles Kupahu, Eben P. Low, F. E. Steere, B. Von Damm.

The Andrews ticket placed in nomination was composed of Buffandeau and George Maile for the Territorial convention and for the County convention Chas. Kupahu, Maka Mika.

GARDEN ISLE THEIR MECCA

Steamer Mauna Kea Will
Take Merry
Crowd

At 9 o'clock tonight a merry crowd of excursionists will leave Honolulu for a twenty-four hour cruise to Kaula, the famed Garden Isle.

The staff at the Inter-Island Steam Navigation office had a busy time this morning issuing tickets to applicants, there being nearly one hundred and fifty registered before the noon hour.

The Mauna Kea is a vessel capable of accommodating this number—or more without excessive overcrowding.

The indications point to good weather along the coast of Kaula despite the lowering skies and light showers that have prevailed at Honolulu since early this morning.

Purser "Pete" Phillips is back at his desk after a siege of lameness and he promises to have everything in readiness for the Kaula party.

General Manager Kennedy will travel with the party and assist in looking to the welfare of the excursionists.

WIGGINS WORKS FOR HAWAII

Los Angeles Chamber Of
Commerce May Visit
Here

There is every possibility that a delegation of members drawn from the Los Angeles Chamber of Commerce will pay a visit to the Hawaiian Islands before the coming winter season draws to a close.

In the mail received at the local promotion headquarters was a communication from Secretary Frank Wiggins of the Los Angeles chamber of commerce in which it is stated that after a three months' canvass of the situation he is confident that it would be profitable for the Los Angeles Chamber of Commerce to run excursions to the Hawaiian Islands during the coming winter.

It is stated that many tourists are headed toward California for the coming winter and that a large number would be glad of the opportunity to take a midwinter trip to Honolulu. Secretary Wiggins believes that the idea is a feasible one and he may take the matter up.

NOT FOR MACKALL

Dr. Bruce Mackall city physician was nominated last evening on the Andrews-Buffandeau ticket of the Mauna precinct. Dr. Mackall today announced his withdrawal.

STOCK SALES

Who Killed Wife Of
Another

(Special Correspondence.)
HILLO, Aug. 26.—They wanted to die together, because they could not love and live together. This was the story told by one Hayashi, a Japanese, who is charged with having killed Umeno Nakabayashi, at Kala-ua, near Papaikou, last Tuesday morning. Hayashi himself tried to commit suicide, but was not successful.

Hayashi had for some time past been living with Umeno and her husband as their boarder. It appears that he fell in love with his hostess. He says that his love was reciprocated, and that the woman begged him to kill her and then himself in order that they might be united in death when they could not be so in life. As a consequence he killed her by cutting her throat, death having been apparently almost instantaneous. Hayashi then cut his
